The Fifty-Third Edition Of
MEMORABILIA

SENIORS

September of '73 found the first freshman class entering the doors to B.H.S. That was our class making the big transition from junior to senior high school. When our sophomore year sprung upon us we set off to work immediately. After selecting our advisors, Mr. Major and Mrs. Deily, we prepared a hayride float, "Shoot the Jays," for the Homecoming Parade. To get our treasury started we sold peanuts, Easter candy, and jewelry. As our junior year progressed we constructed a homecoming float entitled "Sizzle the Seals," for which we were awarded first prize. We also presented our version of the Homecoming Court as a skit for the pep rally.

With the prom coming, we worked hard to increase our treasury by selling novelty kits. The prom was entitled, "We May Never Pass This Way Again." Having completed three years of high school we finally became mighty, mighty seniors. Our years at B.H.S. will always remain in our memories and we, the members of the senior class of 1977, hope that we have contributed something to the school system which has given us so much.

Mrs. Deily, Mr. Major, Advisors.

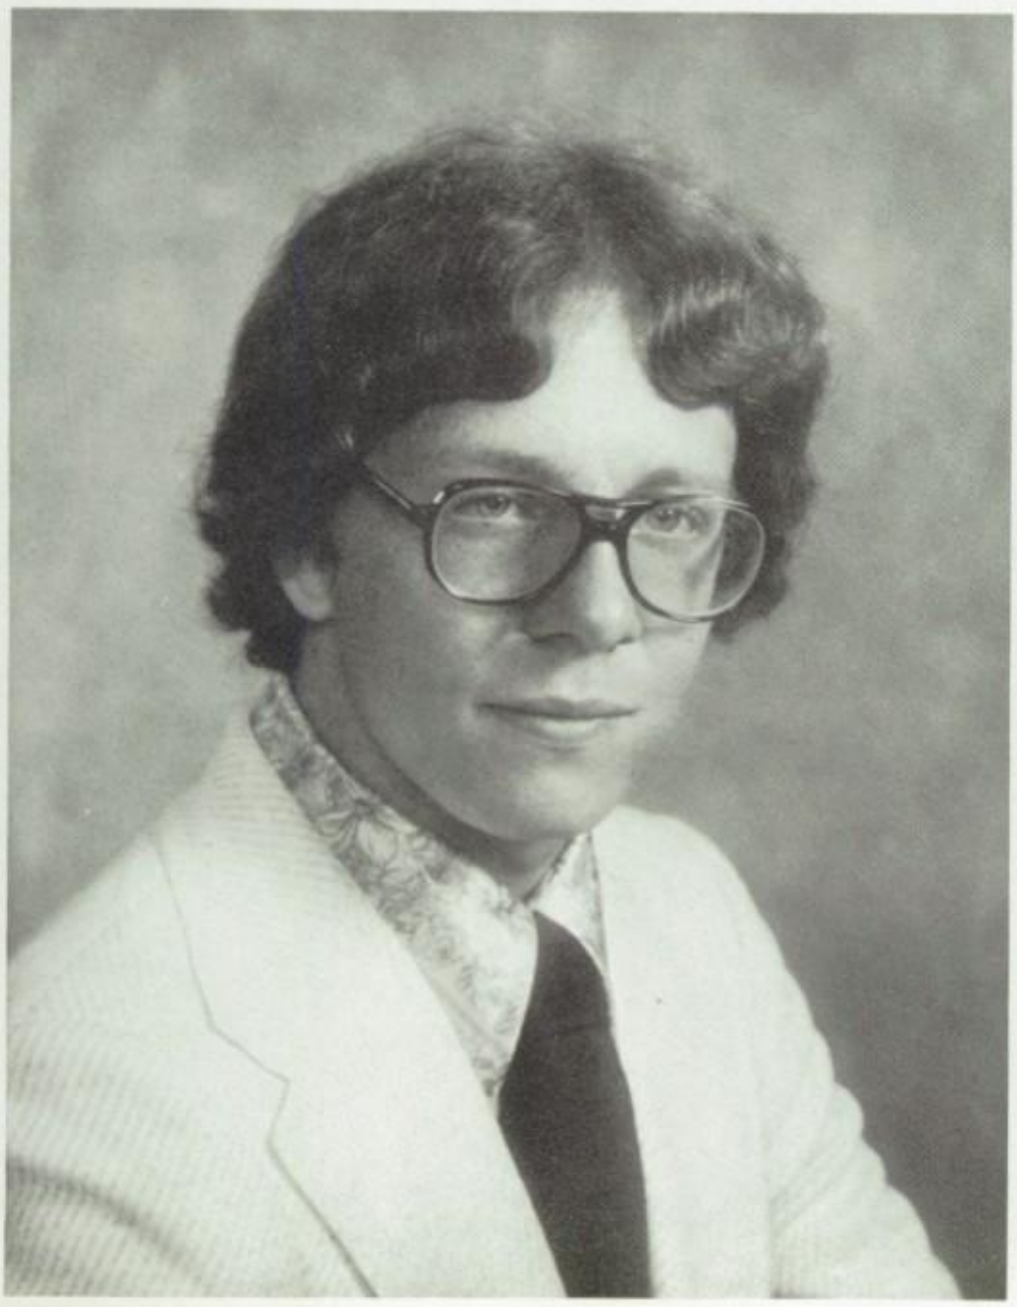
Noel Blyler



We would like to pay special recognition to a former member of our class, Noel Blyler, who is spending his senior year abroad. He was one of three American students chosen to attend the United World College of Southeast Asia, a prestigious prep school in Singapore. Noel and his 150 classmates, from forty nations around the globe, will earn an International Baccalaureate Degree similar to our high school diploma after completion of the two year program. This will enable him to gain advanced placement in college.

Studying regular high school courses and the Malaysian Language keeps Noel busy, but he still finds time to participate in extracurricular activities such as: teaching deaf children to swim, serving as a member of boarding house committee, and editor of the school magazine. Between playing rugby and taking up rowing, Noel had a chance to travel through Malaysia and to Bangcock.

We, the seniors of B.H.S., send our best wishes across the globe to Noel.

The members of the school board give freely of their time throughout the academic year to the important task of managing the affairs of our school system. This nine-member staff of seven men and two women are elected from the five municipalities--the town of Bloomsburg and the townships of Main, Beaver, Montour, and Hemlock. We are very greatful to these members for giving us a start in life.

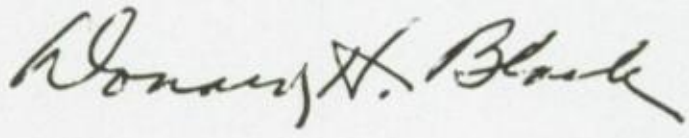
The Class of 1977 will be remembered here at Bloomsburg High School. Each class makes its own distinctive mark on the educational and co-educational activities of the school.

At a time when education is of such great importance to our nation, some of you will look back and wish you had applied yourselves more during your high school education. Others will reflect with pride upon their educational record as they move toward future pursuits. Whichever category applied to you--I hope you will feel that your measure of future success is due in a great way to your high school education. Just as you have contributed to this, your school, we trust the school has contributed to you.

We here at the Bloomsburg Area High School expect big things from you.

Donald H. Black, Ed.D.
Superintendent



Mr. Alex J. Dubil
Principal

TO THE GRADUATES OF THE CLASS OF 1977

Someone once observed that there are five tests of the evidence of education--correctness and precision in the use of the native language; refined and gentle manners, the result of fixed habits of thought and action; sound standards of appreciation of beauty and of worth, and a character based on those standards; power and habit of reflection; efficiency or the power to do.

If one accepts this premise, and it is a noble premise, one must also assess where he or she stands in relation to it. You have been exposed to formal and informal education within your family. You have been exposed to formal and informal education in the schools you have attended.

It is important that you now take stock of yourself since you are commencing the most important and long-lasting portion of your life--adulthood.

We sincerely hope that you have received the training and experience, at home and in school, to guide and aid you in becoming a truly educated person. We are confident that your future endeavors and successes will confirm this hope.

May you always strive for lofty goals and find fulfillment and happiness in your life. Best wishes for the future.

Respectfully,

Alex J. Dubil

The future of the class of 1977 will be as diverse as are the individuals of which the class is composed. Each of you is endowed with unique talents. Some talents are academic while others are not. Some of you have already developed your talents to a point where you can begin making your contribution to mankind. Others of you need much more education and preparation. However you view your position, be aware that you have a distinct moral obligation to contribute to the betterment of mankind in direct proportion to your natural talent.

May you find success and happiness in all of your endeavors.

The 1976-77 Student Council started off the school year with the hope of making this year the best B.H.S. has ever seen. We knew it would take lots of determination and everyone's hard work, yet we were ready and willing.

We were striving to improve the school community, bring students and teachers closer together, inspire greater interest in scholastics and school related social activities, help the students and faculty solve problems, and in general, be there when and where we are needed.

When it was all over we felt we had done a great job and realized that it takes the combined efforts of concerned students, faculty, administration, and the community to accomplish our goals. We're all just one big group of people working and learning together.

The council offers its best wishes for happiness and success to future students and faculty of B.H.S.

The Bloomsburg High School Marching Panthers began their practices early in the summer to create a fantastic field show performance. Besides performing at football games, the band has displayed its talents at numerous parades. They include: Selinsgrove Halloween, Danville Halloween, B.S.C.Homecoming, B.H.S. Homecoming, and to end the fall season they brought Santa Claus into town for the Christmas parade.

The band had a very successful fruit sale with which the profits will be used for the band's spring activity. They are hoping for an exchange concert and parade. The band's performances, on and off the field, truly reflect their didication and hard work.

Within the halls of Bloomsburg High,
Many a happy memory lie.
I'll hate to leave and say goodbye.
I'm trying and trying not to cry.
Four years have come, and gone so fast.
Never will I forget this part of my past.
Oh, if only I could make it last.

The Gym

Stories are hidden inside this place.
That time and memory can not erase.

In a place that can be very cold
or stand up beside you strong and bold.

Many a story the walls could tell
but the walls take in and do not repel.

Many a dance and prom queen seen.
Many the thoughts of a young man's dreams.

Many a love had started to be
in a place that seems so small to me.

But all that happens in this nice, little place.
Is part of life and can't be replaced.

They changed the name of the newspaper, formerly THE RED AND WHITE, to THE PANTHER NEWS. They also changed the way it was printed by using offset printing with the format this year resembling a standard newspaper, making it more interesting and exciting.

The staff of 20 students spent many long hours of preparation, doing typing, proofreading, headlines and layout, producing the best newspaper Bloomsburg High School ever had.

This year's senior players will be greatly missed, for they did a great job on both defense and offense. The 1976-77 basketball season was a rebuilding year for the varsity basketball team. After losing nine seniors, the players lacked varsity experience with the exception of Mark Brennan. Six underclassmen--Daren Laubach, Jack Beierschmitt, Barry Morrison, Kevin Swisher, Tim Riegel, and Bob Acker--have gained considerable playing experience and will be the core of next year's team. Coach Post is looking forward to a good season next year. Good luck to the boys!

The Pantherettes, under the coaching of Miss Susan Peters, had an interesting season. Although the girls had the ability to take the league championship, they placed second after being defeated in an exciting playoff game with Berwick. Six seniors will be leaving the team this year, but the outlook for next season should be good if the girls keep up the good work.

For the first time, the B.H.S. Golf Team had a home court at Frosty Valley. The Panther Golfers completed the season with a 4-16 record. The team's season was highlighted when Sue Nooney qualified for state competition. This sophomore was the first girl from B.H.S. to enter the state level. This year's golf team is young and with time to develop their skills will have good potential for the upcoming year.

VARSITY BOYS--T. Shellenberger, B. Gehling, S. Kreisher, R. Long, G. Potter, J. Klinedinst

The Bowling Team turned in a much improved record over last year. The Girls' Varsity tied for first place and are awaiting the outcome of one more match to hopefully claim league honors. The Boys' Varsity held its own with a .500 record. The JV's, both boys and girls, found themselves struggling. The prospects for next year are good for the boys, since they will all return; however, the girls will graduate six of the top seven players. All in all, the team enjoyed itself and saw great improvement on the part of the majority of its members. OUR MOTTO--"Get the kids out of the streets and on to the alleys."

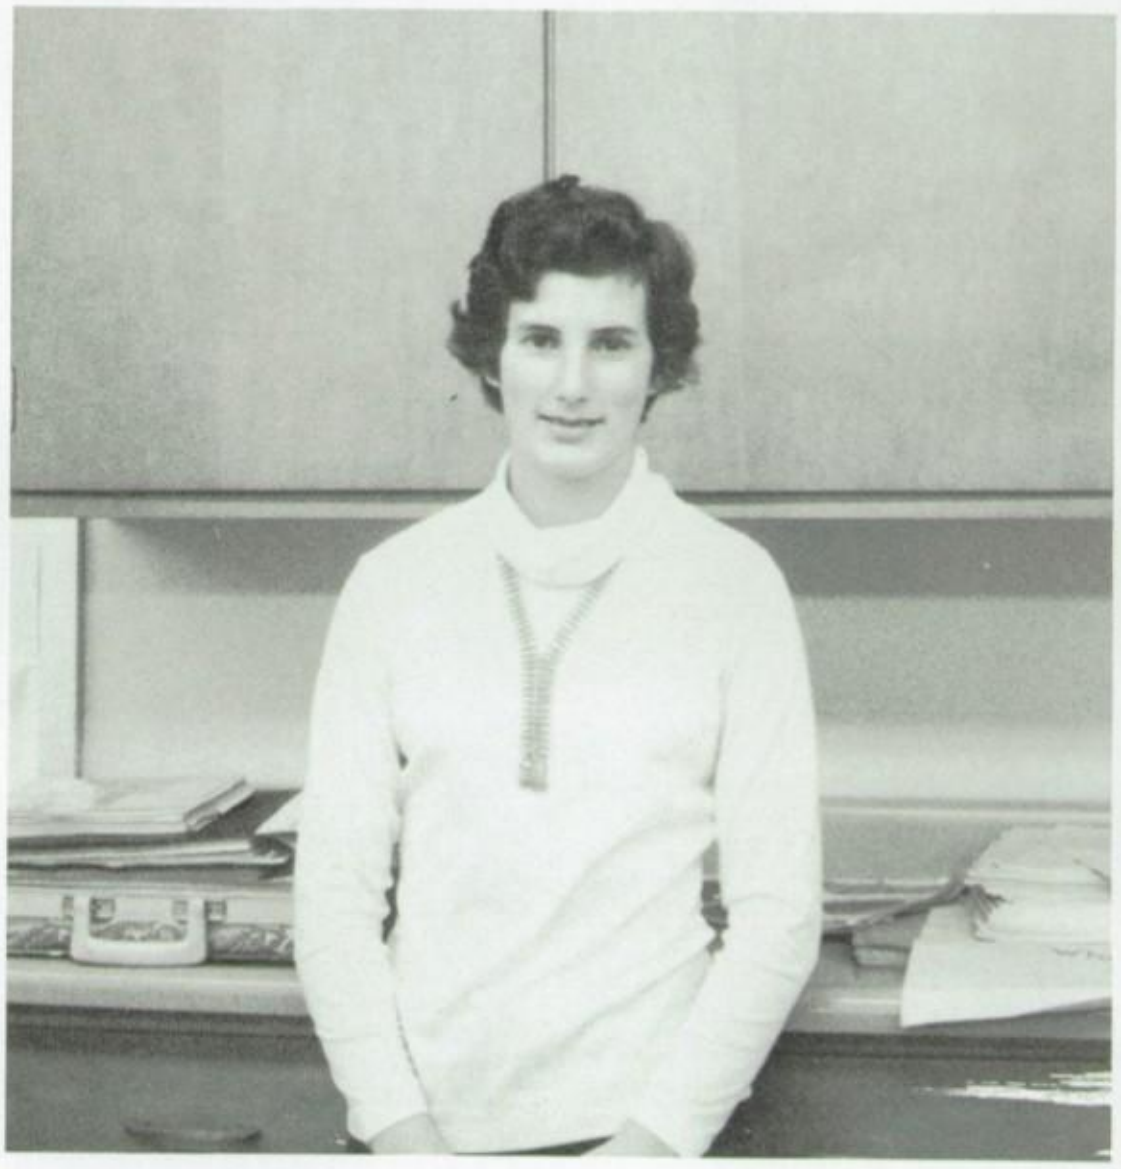
WELCOME BACK MEREDITH



Meredith Savage

During our Junior year, one of our classmates had the privilege to participate in the Rotary Exchange Program. Meredith Savage spent the year in Gomez Palacio, Durango, Mexico. She lived with three different families and attended LaSalle High School. Meredith found that the school was more open than ours. Students were treated as adults and were expected to act accordingly. Smoking and eating were allowed during classes. One of the big differences Meredith found in the Mexican way of life was the inequality between the sexes. Their women now are treated as ours were twenty years ago. Although Meredith only had first-year Spanish, she was able to communicate understandably within three months. She feels that her experience was very educational and intensly gratifying.

GOOD-BYE MARIA

Maria Fonseca, our exchange student from Brazil, arrived in Bloomsburg last February. During her visit, she lived with the Mattern, Jones, and Coy families. In the summer she toured the U.S. with a group of Rotary Excahange students. The students of B.H.S. have enjoyed Maria's visit and wish her happiness and success on her return to Brazil.

HELLO CHERIE

Bloomsburg, Pennsylvania! A home away from home! To the snow from the sun. Pennsylvania may be having its worst winter in a decade but New Zealand at this very moment is going through its hottest summer in 20 years. I come from Cambridge, New Zealand. Cambridge has a population of 9,000 and is situated on the northern area of the North Island on the Waibato River.

I've only been here for 4 weeks and so far the snow and the town and the different accent has fascinated me. I'm sure I will enjoy the remaining 11 months here.

Once again this year, members of the student body, under the capable direction of Mrs. De Anne Casteel, undertook the project of an all-school play. The play chosen for presentation of December 11 and 12 was "Adrift in New York," or "Her First False Step," a melodrama of the gay 90's, complete with the naive young heroine, the unscrupulous villain, and the backwoods hero. The heroine in this case is Nellie Weston, a sweet young thing with a desire to make it big as a singer. Francis "Desperate" Desmond, the villain, convinced that there is oil on the Weston homestead, buys up the mortgage on the farm. Old Silas Weston, Nellie's father, is unable to pay the mortgage. His only hope lies in Nellie, who can save him by agreeing to marry Desmond and go to New York, where he promises to launch her career. Will no one save Nellie from this terrible fate? Will the old homestead be lost forever? The answers to these questions were revealed to those fortunate enough to see "Adrift in New York." Congratulations are in order for Mrs. Casteel and the entire cast on their successful production.
